

FOR YOUR PROTECTION, DO NOT USE IF INNER TAMPER EVIDENT SEAL IS BROKEN OR MISSING.

Keep out of reach of children.

Preparation: Add enough bottled water to cover powder and quickly swirl vigorously to prevent sticking of powder to the bottle. Then add bottled water to the **top of the label** and shake well for 20 seconds. Let sit **on its side** about an hour and reshake -- repeat as necessary (or let sit overnight) until all is in solution. Reshake and use.

Suggested use: as a dietary supplement to support joint health. Use product within 90 days from preparation.

Dosage for Companion Animals:

1/3 teaspoon small dogs & cats
2/3 teaspoon medium dogs
2 teaspoons large dogs
Equine 2 Tablespoons or 1 oz. per day

To maximize potency, product should be stored closed at room temperature and away from direct sunlight. May be refrigerated.

Date Prepared: _____
